We  
Believe

The text "We Believe" is written in a white, elegant cursive font. The word "We" is positioned above "Believe". The phrase is surrounded by decorative elements: three dark red hearts of varying sizes are clustered to the left of "We", and another three are clustered to the right of "Believe". A long, thin white flourish extends from the top of the "e" in "We" towards the top right corner of the page.

# God

God is One. God is love. God is family. God is Father, Son and Holy Spirit. Three distinct persons cherishing in rich passionate, other centered, self giving relationship. Fully indwelling each other and in complete union. This *relational being* is whom we call GOD. We call this rich, harmonious, joyful, free flowing celebration of Love, Life and Light as Triune Dance.

# Father

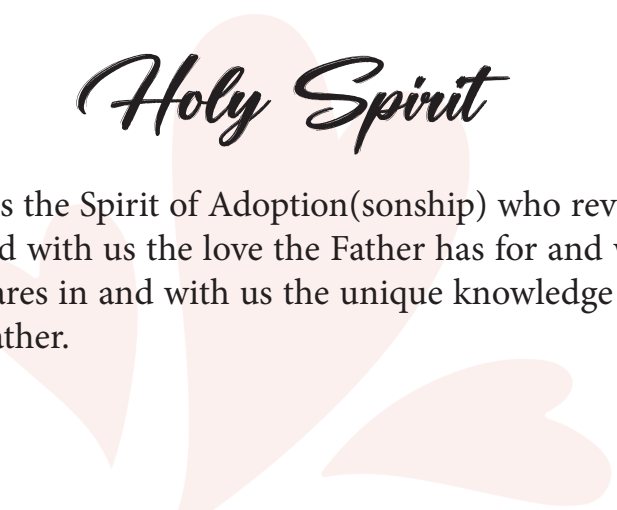

Father is the creator of all things and the source of absolute goodness and love. There is no shadow of variation in Him. He is the Father of Jesus Christ. He loves the Son and the Spirit passionately and includes all of creation in this relationship. He always works together in union with the Son and the Spirit.

# Jesus

Jesus is the only begotten Son of the Father. He is annointed of the blessed Holy spirit. He is the *Word incarnate* in human flesh. He's fully God and fully man at the same time. The incarnation is the eternal meeting point of Divinity and humanity. In Him dwells the fullness of the Godhead bodily. He is of the *same being* as of the Father. He is the creator through whom all things both seen and unseen are made.

# Holy Spirit

Holy Spirit is the Spirit of Adoption(sonship) who reveals and shares in and with us the love the Father has for and with the Son. She shares in and with us the unique knowledge the Son has of the Father.

## Incarnation

The Incarnation is not an afterthought of the fall but it is the pre creation purpose of God. It is the medium through which Divine Life is earthed. It introduces God to us and us to ourselves without any confusion. It is an invitation to share in the Divine Life, Divine Nature and Divine Power.

## Eternal life

Eternal Life is sharing in the triune relationship and thus is relational at its core. Eternal Life is a deep and intimate *knowing experience*. It is the same Trinitarian Life that makes God, God. This Zoe Life is in all that was made. It has the potential to transform human hearts and the body and the physical cosmos itself. We share in this Life because of Christ who lives in us.

## Sin

Sin is a state of being lost in *aloneness*, with a *twisted identity*. It results in severe malfunction, darkness and death. We call this the *flesh*. It happens when we believe the lie about the goodness of the Father resulting in the *illusion of separation*. It is primarily the deep pain in humanity which has led to destructive ways of managing relational pain.

# Redemption

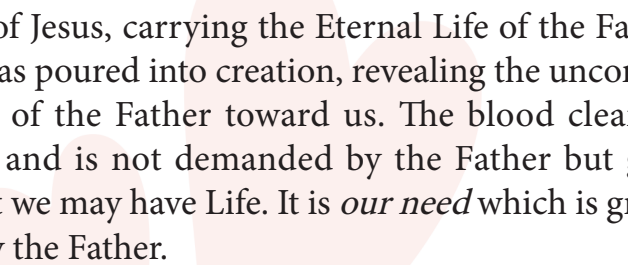

Redemption is the Trinitarian act of stepping into the abyss of our darkness and aloneness, *forging an inseparable union* with our fallen mind, the flesh and the person of Jesus getting to the bottom of our deep pain and sharing the Christological light within the human soul.

# Justice

The Justice and the wrath of the Trinity is always *therapeutically restorative*. It is never judicially punitive like that of the law. It is intended toward restoring mankind to original intent and design.

# The blood

The blood of Jesus, carrying the Eternal Life of the Father and the Spirit was poured into creation, revealing the unconditional forgiveness of the Father toward us. The blood cleanses our conscience and is not demanded by the Father but given by Him so that we may have Life. It is *our need* which is graciously provided by the Father.

## The cross

The cross is a human invention revealing man's iniquity, hatred and violence to which the Trinity *voluntarily submitted themselves*, expressing their highest form of love in our worst expression of rejection. Therefore, the cross is not aimed at the Father as if He has a legal requirement but it is a portal through which Trinity *entered the brokenness* of humanity.

## Resurrection

Resurrection is the Trinitarian act of recreating the entire cosmos into the new creation, as a result, the cosmos is born again. Resurrection is the bodily glorification of the broken, bruised body of Jesus Christ, which is the surety of the ultimate glorification of the entire physical cosmos, including our mortal flesh.

## Ascension

Ascension is the Son of God, rising to the throne of God, with the human race inside Him. He is the head of the body, the Ecclesia. He rules and reigns from inside out and bottom up, till all enemies are made His footstool and the last enemy to come under His feet(body-Ecclesia) is physical death.

## Baptism

Humanity is baptised in Christ and by the Holy Spirit, who is poured out on all flesh with the specific intent of revealing the Father in the person of Jesus Christ in all humanity. He empowers the Ecclesia with His presence and power to be faithful witnesses of the same.

## Salvation

Salvation is an ongoing healing process of this darkness and twisted identity called sin and we progressively step into the Freedom by participating in the Triune Dance of Love, Life and Light in us.

## Ecclesia

Ecclesia is the body (relational, covenantal community of believers) which is aware of Christ in them. It comes under the headship of Christ, led by the Spirit and becomes the channel through whom the fullness of Him who fills all in all is manifested.

## The second coming

The second appearance(coming) of Christ happens after the *unveiling* of Christ in the body(Ecclesia) first. He *manifests* for a body that matches the head. He doesn't move from absence to presence, but from presence to manifestation.

## Heaven

Heaven is a spiritual dimension which is thoroughly immersed and consumed by the *Trinitarian culture of Love, Life and Light*. It's not a geographical place but a very real dimension which we are already a part of.

## Hell

Hell is a dimension of experience where we actively resist the Love of Trinity resulting in our own alienation, torment and deep darkness but *still held together* by the unfailing love of the Trinity. The consuming fire that burns anything that's not of Love's kind, shall not be quenched forever.

## *The evil one*

The evil one is the father of lies constantly whispering to our soul, questioning the goodness of the Father. He walks in darkness and aims at marring the goodness of God in all of creation. Jesus Christ has overcome him by stepping into our darkness and sharing the knowledge of His Father with us.

## *The scriptures*

The Scriptures are infallible and inerrant only in the purpose of it pointing to the Eternal Word- Jesus Christ. Its narrative is multi vocal and Jesus is the hermeneutic lens through which it has to be interpreted. The Divine inspiration makes the letter that kills into life giving spirit.

## *The Hope*

The future looks good because of the Hope of the Gospel and the nations shall know the Prince of Peace who is currently reigning supreme on the throne.

# Nicene Creed

I believe in one God,  
the Father almighty,  
maker of heaven and earth,  
of all things visible and invisible.  
I believe in one Lord Jesus Christ,  
the Only Begotten Son of God,  
born of the Father before all ages.  
God from God, Light from Light,  
true God from true God,  
begotten, not made, consubstantial with the Father;  
through him all things were made.  
For us men and for our salvation  
he came down from heaven,  
and by the Holy Spirit was incarnate of the Virgin Mary,  
and became man.  
For our sake he was crucified under Pontius Pilate,

he suffered death and was buried,  
and rose again on the third day  
in accordance with the Scriptures.

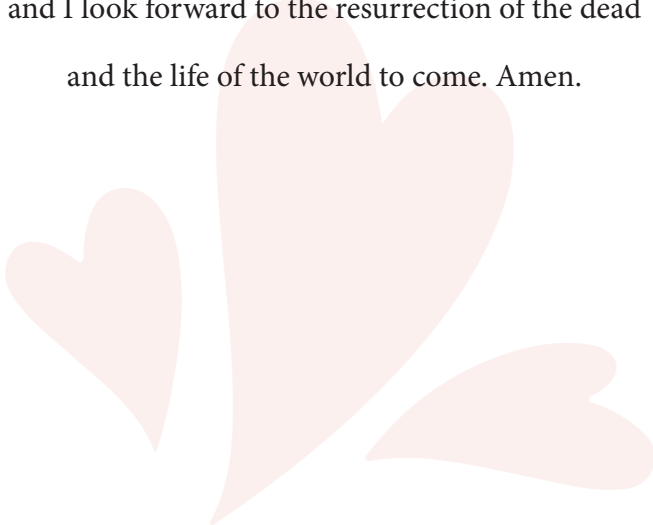

He ascended into heaven  
and is seated at the right hand of the Father.

He will come again in glory  
to judge the living and the dead  
and his kingdom will have no end.

I believe in the Holy Spirit, the Lord, the giver of life,  
who proceeds from the Father and the Son,  
who with the Father and the Son is adored and glorified,  
who has spoken through the prophets.

I believe in one, holy, catholic and apostolic Church.

I confess one Baptism for the forgiveness of sins  
and I look forward to the resurrection of the dead  
and the life of the world to come. Amen.
